

Dear CalPERS Members,

I want to thank you for your support in the recent CalPERS Member at Large election. While I obtained the highest percentage of votes of all candidates, we now face a runoff election. This means **OUR WORK IS NOT DONE YET! I NEED YOUR VOTE AGAIN.** When you receive the runoff ballot, please mark it for **J.J. Jelincic for CalPERS Board.**

With my investment knowledge and experience, and my record of leadership, dedication, cooperation and support for all CalPERS members, we can work together to insure honesty, transparency and responsiveness on the CalPERS Board.

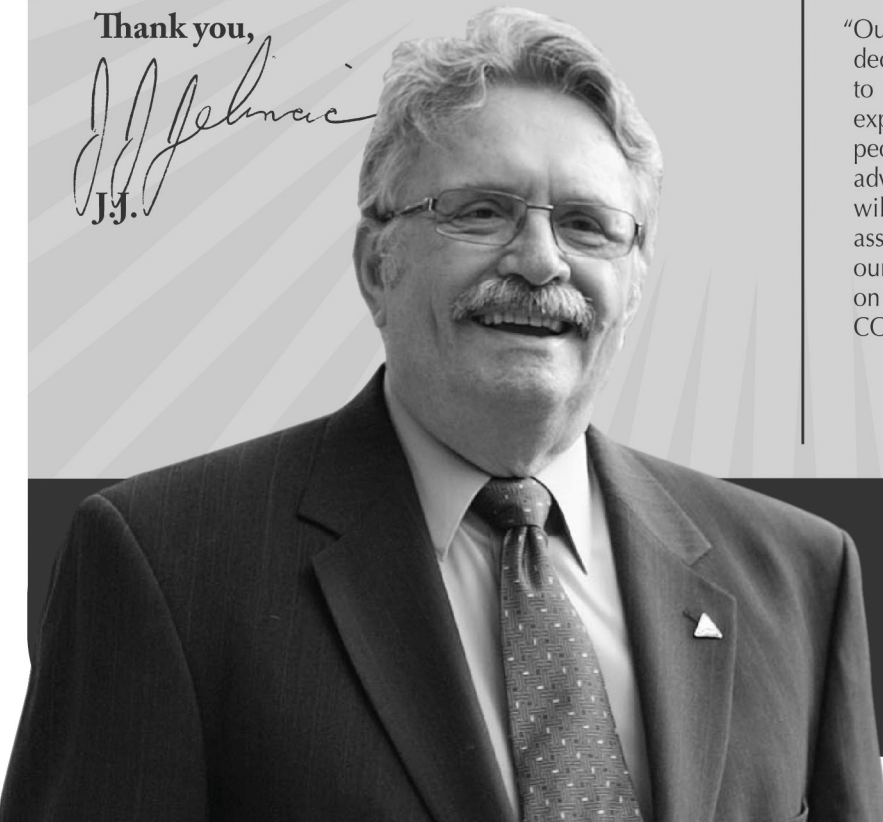

Ballots will be mailed out November 9th. Your vote must be postmarked by December 4, 2009. If you have not received your ballot by November 20th, call the CalPERS election office at (800) 794-2297 for a duplicate ballot.

For more information, please visit www.jjforcalpers.org.

Thank you,

J.J.

"When we looked at who was the **most qualified** CalPERS board candidate, J.J. was clearly the best choice. With his experience in CalPERS and as a labor leader, he'll do a great job representing the interests of our members and other public employees and retirees."

*Rick Mattos, President
California Association of Highway Patrolmen*

"I've had the opportunity to work closely with J.J., and his **commitment to a strong, stable and secure pension system** is unparalleled. J.J. Jelincic has been especially outspoken in his belief that retirement security is not an optional perk but a core value for every working family. Electing him will strengthen your voice on this vital board."

*Lou Paulson, President
California Professional Firefighters*

"J.J. Jelincic is endorsed by the California State Firefighters Association because we believe he is the most qualified candidate, and will use his years of experience to **benefit not only CalPERS, but all Californians.**"

*Kevin Knida, President
California State Firefighters Association*

"I'm proud to support J.J. Jelincic for CalPERS. He's the right choice to meet today's financial challenges. The global economic meltdown has threatened our retirement and healthcare security the likes of which we have never experienced. We need a CalPERS trustee who **understands the financial complexities of pension investments and health benefits.** J.J. has the financial experience and political skills needed to protect our CalPERS investments, healthcare benefits and retirement security."

*Priya Mathur, Public Agency CalPERS Trustee
Chair, CalPERS Health Benefits Committee*

"Our vote this year for the CalPERS Board is the most important decision we will make as CalPERS retirees. RPEA's decision to endorse J.J. Jelincic for CalPERS was based on his financial experience and his union activist record of fighting for working people. Retirees could not ask for a more qualified fiduciary advocate. J.J. Jelincic's vast CalPERS investment experience will help CalPERS make the right choices on how to invest our assets. J.J. **will not need on the job training** on how to invest our money, he's done it for over 20 years. Retirees can count on J.J. to protect our retirement security and fight any cuts in our COLAs."

*Bill Duclus, Director of Legislation
Retired Public Employees Association*

JJ JELINCIC
for CalPERS Board
